ARC Request Form -- Additional Homeowner Responsibilities

A homeowner adding any structure that will be attached to the house is responsible for the following:

- 1.) The structure must be painted to match one of the existing house colors and, if the house colors change in the future, the same requirement applies.
- 2.) The homeowner is responsible for all future maintenance of the structure. The HOA is not responsible for any maintenance of the structure, including painting.
- 3.) The HOA does not know if a County permit is required. It is the homeowner's responsibility to contact the County to determine if a permit is required.

When do I need a permit? Per Maricopa County the following activities require a permit:

- Additions and alterations: patio enclosures, etc.,
- Residential work: decks, garages, patio coverings including canvas, fireplaces,
- Any activity that involves moving or installing any utility (water, gas, electric),
- Anything that might change the drainage of the lot,
- Landscape features: ornamental wall over 24"
- Any alteration on your property which is over 200 sq ft (removal/replacement driveway or sidewalk). Note: concrete coatings do not require a permit
- Maricopa County fines could range upwards to \$1000 for not obtaining a permit.
